

Reading Seminar Scheduled

"How to Cut Your Reading Time in Half and Understand More" will be the subject of a presentation to parents and students at Marymount College tomorrow from 4 to 6 p.m.

The program will be presented by Dan Rosenwasser, a reading specialist and Southern California director of the Dan/Ro System of Rapid and Remedial Reading.

Rosenwasser says the average person reads 277 words per minute with less than 65 per cent comprehension.

"Businessmen are spending more and more time every day reading correspondence, trade literature, and technical papers," Rosenwasser said. "Through these training procedures they are able to accomplish this in a significantly smaller amount of time—which to them is money—thereby effecting tremendous savings."

The Dan/Ro System has been recognized by leading educational institutions and Southern California business concerns, Rosenwasser said. Further information is available by calling Rosenwasser at OL 5-4770.

All Nurses Invited to Red Cross Open House

Channels for community service through Red Cross will be explained to registered nurses attending the open house sponsored by Nursing Services Tuesday at the new Red Cross Service Center, First and Western avenues in San Pedro.

All registered nurses who are working professionally or "retired" from their profession to give full time to homemaking are invited to the affair, according to Mrs. Abner Kaplan, Portuguese Bend, who is serving as volunteer chairman of the event.

The afternoon open house is scheduled from 3:30 to 5:30 p.m. and the evening hours are 7:30 to 9:30 p.m. Mrs. Kaplan asks any interested person wishing to attend to call Red Cross, TE 2-8321.

VOLUNTEERS who are already working in Red Cross nursing programs as branch chairmen like Mrs. Kaplan, those who serve at bloodmobiles, teach Home Nursing and Mother and Baby Care courses or are on the disaster nursing rosters will serve as hostesses along with the Los Angeles Red

Cross Chapter nursing services staff members. Those attending the affair will be given a tour of the new building where they may view exhibits on Red Cross nursing services, and see demonstrations of methods and tools used by volunteer instructors who teach Red Cross courses.

"Refreshments will be served; we hope to make the affair an especially enjoyable one for all R.N.'s," Mrs. Kaplan says.

Nurses who work or live in Gardena, Torrance, Lomita, Harbor City, Palos Verdes, Wilmington and San Pedro are invited to attend.
